

Mapping your National Board Journey:

TWO YEAR PATHWAY

You can choose to take 1, 2 or 3 years to take the Component 1 assessment and submit all 3 portfolio components for National Board Certification. You must attempt each of the four components within the first three years of your candidacy. However, you have a five-year window to allow for retakes and to achieve certification.

As you embark on this journey, you will need to make choices about the order in which you to complete the components and how to collect the best evidence possible to meet component requirements.
