Introduction
This Guide provides key dates, fee information and instructions for third-party payers (TPPs) making payments for National Board Certification and Maintenance of Certification (MOC) candidates.

Overview of Certification
Candidates beginning the National Board Certification process will be able to choose the order in which they complete the components during their candidacy, noting three important requirements: (1) initial attempt of all four components must be completed in the first three years of candidacy, (2) there are two retake opportunities per component (For Component 1, candidates may elect to retake one or more of the three constructed response items/exercises and/or the selected response item part. Candidates have up to two retakes for each of the four parts of Component 1 at any time during the five-year window.), and (3) components must be completed in the cycle year in which they are purchased. At its maximum, the process could span five years. Each year, if planning to take components, candidates must register and pay for the components they wish to complete. There is no requirement to complete all components in a single year, but candidates will be able to do so if they choose.

Important Dates and Deadlines
All dates and deadlines are subject to change.

The following chart is applicable to all candidates submitting components for scoring during the 2021-22 assessment cycle.

The National Board for Professional Teaching Standards’ Board of Directors has revised the employment eligibility requirement to begin the process of National Board Certification. The revised employment eligibility requirement states that candidates with fewer than three years of successful teaching employment at one or more early childhood, elementary, middle or secondary schools in the United States may register and purchase a component(s) and thereby begin the process of Board certification. Previously, candidates were required to have three years of successful teaching employment prior to beginning the process of National Board Certification.

The revised employment eligibility requirement will take effect during the fall of the 2022-23 registration cycle, for first-time candidates only. The National Board will announce when registration will open to teachers with fewer than three years of teaching employment. This guide will be updated with additional information by September 19, 2022.

Note: In order to achieve National Board Certification after this change takes effect, a candidate must have completed the three years of teaching employment and meet the score requirements. If a candidate has not completed three years of successful teaching employment by the time they meet the score requirements, their certificate will be held until they can submit proof of meeting the employment eligibility requirement.

More information will be published by December 31, 2022, about how a candidate who begins the process of National Board Certification with fewer than three years teaching employment must submit proof of meeting the employment eligibility requirement before achieving certification.

The chart below provides the certification eligibility requirements for beginning the National Board Certification process and when each requirement must be met.

Third-Party Payer Accounts

Setting-Up and Updating a Third-Party Payer Account

The first step to setting up a third-party payer (TPP) account is to complete the Third-Party Payer Information Form. Before submitting payment for candidate fees, it’s important to ensure our records reflect the most current program information for balance reporting and TPP account management. The Third-Party Payer Information Form can also be used to provide us with contact and demographic updates to your existing account.

Click here to complete the Third-Party Payer Information Form.

Acceptable Payment Types*

The National Board accepts payment from third-party payers in the form of purchase orders, checks, wires, ACH transactions, and the use of existing escrow funds (funds remaining on your TPP account from a previous assessment cycle).

All payments should be made payable to the National Board and should include one of the following:

- Transmittal memo – a list of candidates receiving payment, of whom have completed the appropriate component selection (see below), and the amount to be applied to each
candidate account; or
- A copy of the invoice provided to you by the National Board.

If you require a W-9, an invoice or additional documentation for payment processing, please submit your request via the National Board third-party payer web form.

**Submitting Payments**

Purchase orders and requests to use existing escrow funds must be submitted via the National Board third-party payer web form. Please ensure you’ve completed the Third-Party Payer Information Form before submitting payment for candidate fees for the first time.

All checks must be submitted to the National Board at one of the following addresses:

If sending via regular mail:

National Board for Professional Teaching Standards
P.O. Box 715105
Philadelphia, PA 19171-5105

If sending by courier service: (All mail by special couriers should be sent to the actual site address listed below and should reflect Lockbox Services and the Lockbox Number in the reference section of the air bill.)

Lockbox Services - #0075105
National Board for Professional Teaching Standards
MAC Y1372-045
401 Market Street
Philadelphia, PA 19106

**Managing Candidate Payments**

**Beginning with the 2022-23 cycle,** we expect funding to be allocated to candidate accounts without a coupon or Funding Request Form. We will share information about the new process in the coming months; however, do not expect the process for submitting transmittal memos to change.

**Payment Requirements for All Candidates**

Candidates are required to have an active account in the National Board’s candidate management system in order to receive third-party payments. Before submitting a transmittal memo, please ensure that each candidate has completed the steps required to create an account and obtain a National Board candidate ID number – this applies to new candidates only. All returning, retake, and MOC candidates with existing National Board accounts will use the candidate ID number for their existing account. You will need to include their candidate ID number with your payment.

To learn more about the National Board’s candidate management system and the registration process, please review the Guide to National Board Certification located in the First-Time and Returning Candidate Resources section of our website.
You are permitted to submit payment for all components (up to $1900) for an individual in advance of registration for all components. If you choose this option, you will be required to specify the amount of funding to be allocated to a component in each cycle. You must specify your allocations using the Transmittal Memo provided by the National Board (see Transmittal Memo).

**Payment and Transmittal Memo Processing**

Upon receipt of the transmittal memo and payment, the National Board will complete the candidate’s purchases for them.

Funds submitted for unregistered candidates will be added to your escrow funds. While we will notify you periodically of candidates that have not yet completed the appropriate steps, you will be responsible for verifying candidates have registered. If you have questions at any time regarding the balance on account or status of candidate accounts, please submit a request in writing via the National Board third-party payer web form.

*“If you are running a program that supports a large number of candidates, please contact us to determine if your data needs merit access to regular data reporting.”*

**Transmittal Memos**

A completed transmittal memo must be submitted with each payment to indicate how funds will be distributed to candidates. Below you will find links to the various transmittal memos available. If you have questions about how to use these transmittal memos, please contact us via the National Board’s third-party payer web form.

Transmittal Memo

**Transferring Funds Between Candidates**

Funds may be transferred from one candidate’s account to another. Requests to do so must be submitted in writing via the National Board third-party payer web form. The request to transfer funds should include the previously funded candidate’s name, National Board ID, and amount funded. The request must also include a transmittal memo which includes the new candidate’s information.

**Refunds**

**Withdrawals**

In the event a candidate withdraws before the withdrawal deadline, you will be eligible for a refund of the fees paid on behalf of the candidate (except those designated as nonrefundable).

The National Board will process withdrawal refunds on a monthly basis and funds will be returned to your TPP account.

If you do not want the funds credited to your TPP account and/or would like the funds returned to your organization prior to our year-end reconciliation, you must submit your request in writing via the National Board third-party payer web form.
You will not be eligible for a refund of any fees paid on behalf of a candidate if the candidate did not withdraw prior to the withdrawal deadline.

Reconciliation of Accounts

The National Board will perform a complete reconciliation of your TPP account after the closing of the assessment cycle, during the months of April and May (dates are subject to change). Upon completion of the reconciliation, if you have a balance on your TPP account*, you will be provided a year-end report detailing the account activity for the cycle.

*If you do not have a balance on your TPP account and would like a year-end report, please submit your request via the National Board third-party payer web form. If you have a balance on your TPP account at the end of a cycle, you can request that remaining funds be refunded to your organization. Otherwise, the balance will be held as escrow funds for use in a future cycle.
